Re: Request for Information Pursuant to Section 104 of CERCLA for the Texas Township  
Drum Site in Kalamazoo County, Michigan; CERCLAS ID: MIN000510313

Dear Ms. Adams:

This Firm represents the Fulton County School District (hereinafter "the District") in the above-referenced matter. Please accept this letter as the District's response to the U.S. Environmental Protection Agency's (EPA) Request for Information, pursuant to Section 104(e)(2) of CERCLA, 42 U.S.C. §9604(e)(2).

In response to the EPA's request, District Operations and Facilities personnel performed a review of Hazardous Waste Materials documentation. The District review did not reveal any information responsive to the EPA request related to either Donald Haugen, Environmental Network, Inc., or Chemical Assistance, Inc. Please see Attachment A, the District statement outlining its review process.

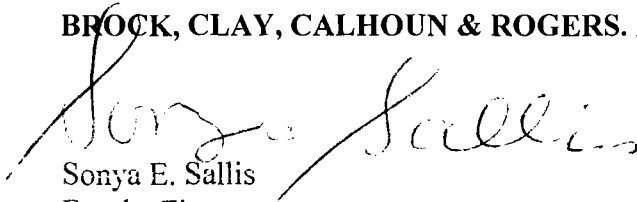

A search of District personnel records revealed that a Mr. Lowell Jacks, listed as the District contact on documentation provided the District by the EPA, was a District employee from September 1969, until June 1999. His last position with the District was as coordinator on special assignment.
